Gerlos - Schönachtal – Stackerlalm – Kirchspitze

The wonderful bike tour starts right at the Gerlos music pavilion, from where the flat path leads into the Schönachtal. From the Issalm (No. 4013) you follow the constantly rising (difficult) road up to the Stackerlalm. From the Stackerlalm you walk up to Inkarhöhe (2,191m). Continue over a ridge until you finally reach the summit of the Kirchspitze over rocky terrain, from here you can enjoy a magnificent view of the mountains. On the same way back, the Stackerlalm, Issalm, Lackenalm and Jörgleralm invite you to stop for a break.
