Circular route reservoir Durlassboden

A circular route around the Durlaßboden reservoir with little elevation difference.

The circular route starts at Bräueralm. From there, the trail leads to the cozy Seestüberl. Then you continue over the dam to the rustic Bärschlagalm. Here you have completed roughly half of the way. Then you ride the last section around the lake back to the starting point.

Duration	10.94 km
Route Length	10.94 km
Difficulty	Easy
Roundtrip	No
altitude meters uphill	46 hm
altitude meters downhill	46 hm
highest point	1455 m
Route Start	Bräueralm
Route End	Bräueralm
