### Description

**This tour runs above the forest line and offers a fantastic view of the highest peaks in our region.**

We start at the mountain station of the Isskogelbahn at 1,900m. Past the Latschenalm and at the crossroads keep right to the foot of the Isskogel. Continue along a goods path (underground gravel) to the Stumandspeichersee, from here you go down to the wild Krimmlalm - the end of the mountain bike route. Return to the mountain station of the Isskogelbahn connection route (No. 440/443) or via the Innerertensalmen and the Brennachweg No. 440 to Gerlos.
