Bruck - Fiechter Kapelle - Steinerhof - Spitzerköpfl - Bruck (Trail No. 9)

Starting from the Municipal office climb gently to the Dorfstrasse – cross this, pass the former Gasthof Dorfwirt as you climb uphill. Just past the last houses the trail becomes a forest track. Right at the start, turn right uphill and keep going to the Fiechter chapel. After the Fiechter chapel the path joins the road – after a
section on the road past a farmhouse keep right towards Steinerhof – the trail winds its way up to Steinerhof. From Steinerhof follow the asphalt road as far as the Kerschbaumersattel. Turn left there and continue along the Panoramaweg (towards Reither Kogel) as far as the junction with the Bruck/Spitzerköpfl footpath. The trail runs
down through the woods past the Spitzerköpfl and back to Bruck.
