Jodelwanderweg Königsleiten

Yodelling makes hiking even more fun!

The start of the yodel hiking trail is located at the mountain station of the Dorfbahn Königsleiten at the Gipfeltreffen restaurant. We start off the joyous, musical hike with a “juchiza”. At a total of eight lovingly designed stations, like an oversized cowbell, a cheese mountain or a huge Alpine horn, the little ones and the adults will learn to play and sing just like traditional yodelers. You will definitely be a yodeling pro by the end of the hike! The yodeling hiking trail is suitable for prams and buggies.

Walking time	02:30 h
