### Description

**Kröndlhorn is a hidden gem among all mountain lovers. The breathtaking view at the chapel on the summit will literally make your hair stand on end!**

The hiking route starts at the entrance to Nadernachtal near Hotel Ronach up to Watschalm (1,771 m) - from there it goes **pleasantly** to Watsch-Hochalm. Then steeper uphill over **lush alpine meadows** following the hiking trail towards the base of Kröndlhorn. Before the final ascent, a small gorge must be crossed (the path leads through a scree field) to reach the goal - the **2,444 m high Kröndlhorn**. The **breathtaking view** at the chapel will literally make your hair stand on end!
