Beschrijving

The trail heads past the terrace of the Kaltenbach Ski Hut on a slight uphill gradient to the junction Arbiskopf/Gedrechter. Turn left there – the trail goes from here across Alpine meadows to the top station of the chair lift. After passing the station, the trail takes you to the summit cross of the Gedrechter.

Variants for the return leg: Take the gravelled track from the Gedrechter to the Mizunalm, then walk along the Zillertaler Höhenstrasse past the Zirmstadl back to the Ski Hut. Take the path from the Gedrechter through the Grubachtal valley to the Hochalm, from which it's back on the gravelled track (passing the Hubertus chapel) to the Ski Hut.

stop off possibilities: Kaltenbacher Skihütte, Zirmstadl, Platzlalm
